CORDLESS SCREWDRIVER

Model NO.: DL-CP04-E2B1

HEMBAWI TOOL CO., LTD.
No. 10, Century Park Road, Muzium, Seremban,
Negeri Sembilan, 70100, Malaysia
485 01978888 FAX: 01-735 4588

Reserved for future use
Version: 1.0
Date: May, 2023

Product Certificate

Inspector: 01

Date of manufacture: _____

3.6V CORDLESS SCREWDRIVER

Thank you for purchasing a product. Manufactured to a high standard, this product will, if used according to the instructions below, and properly maintained, give you years of trouble free performance.

WARNING: PLEASE READ THE INSTRUCTIONS CAREFULLY BEFORE YOU USE THE SAFE OPERATIONAL FEATURES OF THIS PRODUCT. ALWAYS USE THE INSTRUCTIONS CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

- Refer to instruction manual
- Wear eye protection

1. SAFETY

- GENERAL SAFETY**
 - Maintain the screwdriver in good condition. Check moving parts against on regular basis.
 - Keep the screwdriver and charger clean for use and safest performance.
 - Remove if fitting clothing. Remove ties, watches, rings and other loose items.
 - Secure loose work pieces with a clamp, vice or other adequate holding device.
 - Avoid unintentional starting.
 - Wear approved safety eye protection.
 - Maintain correct balance and footing. Ensure the floor is not slippery and wear non-slip shoes.

- Keep children and unauthorised persons away from the working area.
- Keep screwdriver and charger in a safe, dry, child proof area where the temperature will not exceed 40°C (104°F).
- DO NOT allow children to operate the screwdriver.
- DO NOT hold unsecured work pieces in your hand.
- DO NOT use the screwdriver with your finger on the trigger.
- DO NOT use the screwdriver for a task it is not designed for.
- DO NOT operate the screwdriver in wet conditions or inside the influence of alcohol, drugs or intoxicating medication.
- DO NOT use the screwdriver or battery charger wet or use in damp or wet locations.

1.2 ELECTRICAL SAFETY FOR USE OF CHARGER

- USE ONLY THE SUPPLIED CHARGER FOR CHARGING THE SCREWDRIVER.**
- WARNING:** It is the user's responsibility to read, understand and comply with the instructions for use of the supplied charger plug.
 - WARNING:** To reduce the risk of fire or electric shock, the screwdriver and its accessories should be plugged into the main distribution board. We also recommend that RCD (Residual Current Device) which is plugged into an electrical supply not protected by an RCD. You must also read and understand the following instructions concerning electrical safety.
 - The Electricity Act/Work Act 1889 requires all portable electrical appliances to be used on business premises, to be tested by a qualified electrical engineer using a Portable Appliance Tester (PAT), at least once a year.
 - The Health & Safety Act/Work Act 1974 makes owners of electrical appliances responsible for the safe condition of the appliance and the safety of the appliance operator. If in any doubt, about electrical safety, consult a qualified electrician.

- to a qualified electrician.
- You must ensure that you inspect the charger plug, cable and connector for wear and damage to ensure items are safe before connecting to the mains power supply. If worn or damaged, DO NOT use. Important: Check that the voltage marked on the charger plug is the same as the power supply to be used.
 - Remove the charger plug from the mains socket by the lead.
 - DO NOT use any other type of charger with this product.
 - DO NOT use the charger plug about.
 - DO NOT use the charger to charge or power any other electrical item.
 - DO NOT get the charger wet, or use in wet, damp conditions for indoor use only.

4. OPERATION

- WARNING:** NEVER substitute a standard 3 pin plug, or any other type of plug, into the charger plug.
- WARNING:** NEVER use the charger plug in a wet or damp location.
- WARNING:** To reduce the risk of fire or electric shock, the screwdriver should be plugged into the main distribution board. We also recommend that RCD (Residual Current Device) which is plugged into an electrical supply not protected by an RCD. You must also read and understand the following instructions concerning electrical safety.
- DO NOT expose to temperatures above 40°C (104°F).
- DO NOT dispose of the used battery according to local regulation. Forward batteries and trigger lock with soft grip handle for comfort and control features to your local authority for disposal.
- Light-emitting diodes (LED) are used on the screwdriver to illuminate working area. Lithium-Ion battery maintains a high energy density level, has no memory effect, lasting longer than traditional Ni-Cd cells, and will recover from a deep discharge state. Supplied in storage case, with accessories.

- 3. SPECIFICATION**
 - Battery:3.6V 15Ah Lithium-Ion
 - Charging Time:15-20hrs
 - Max Torque:3200gm
 - No-load Speed:3200rpm
 - Weight:1.2kg
 - Unit Code:109162
 - Motor Power:610W
 - Working capacity: screw screws on wooden board 4x-30mm screws-50 pcs

- To charge the screwdriver, insert the charger plug into the charging socket near the base of the screwdriver handle and plug the charger into a mains socket.
- The indicator light (Fig.2) will illuminate to indicate the battery is being charged. When charging is complete indicator light will be green, unplug the charger from the mains and the screwdriver.

- 4.3** Place a bit into the bit holder of the screwdriver. Select the required direction to unscrew the work section (which will lock the screwdriver in its central position) and squeeze the trigger to start the screwdriver. The LED spotlight will light, with initial pressure on the trigger.
- To change the position of the handle, press the handle lock and turn the handle 90° until it clicks into position (Fig.2).
- When finished working, remove the bit from the bit holder, pulling back the quick-release bit holder if released (Fig.1). Clean the screwdriver and keep it in the storage case. Store the case in a safe, dry, child proof location.

5. WARRANTY INFORMATION

- The warranty period for the cordless tool is considered to be consumable item and is 24 months from the date of purchase.
- WARNING:** Risk of Hand Arm Vibration (HAV)
 - The tool may cause Hand Arm Vibration Syndrome if its use is not managed correctly.**
 - This tool is subject to the Vibration testing section of the Machinery Directive 2006/42/EC.
 - The tool is to be operated in accordance with these instructions.
 - Uncertainty value (B): 1.5m/s²**
- Please note that the application of the tool to a solo specialist task may produce a different average vibration emission. We recommend that a specific evaluation of the vibration emissions is conducted prior to commencing with a specific task.
- A health and safety assessment by the user (or employer) will need to be carried out to determine the suitable duration of use for each tool.

- 5. WARRANTY INFORMATION**
 - The warranty period for the cordless tool is considered to be consumable item and is 24 months from the date of purchase.
 - WARNING:** Risk of Hand Arm Vibration (HAV)
